

Saturday 25 October

09:00

OSCW 2025 Athens Registration

Contribution

10:00

10:00

Opening Ceremony

Contribution

10:30

10:30

1st Session: 1st Session

Session

10:30-10:50

SatNOGS - State of the Union

Speaker

Alfredos Panagiotis Damkalis

10:50-11:10

SatNOGS SSA/SST Operations

Speaker

Alfredos Panagiotis Damkalis

11:10-11:30

Libre Licensing in the Final Frontier: Open-source licensing for Space Hardware, Software and Data

Speaker

Eleftherios Kosmas

11:30

11:30

Poster Tea Time

Session

12:00

12:00

2nd Session

Session

12:00-12:20

PwnSat: A Vulnerable-by-Design Satellite hardware and platform for AeroSpace Hacking

Speaker

Kevin Leon Morales

12:20-12:40

The Space cybersecurity Framework : The OPS SAT Red Team approach

Speaker

Djamel METMATI

12:40-13:00

Test the digital Space Systems by the tools engineering

Speaker

Djamel METMATI

13:00

13:00

Lunch Break

Break

14:30

14:30

3rd Session

Session

14:30-14:50

FabSat: Prototyping Open Satellite Infrastructures Across the Global Fab Lab Network

Speaker

Henk Buursen

14:50-15:10

More-than-Planet: Opening Planetary Infrastructures

Speaker

Miha Turšič

15:10-15:30

Monitoring Light Pollution With Crowdsourced Data

Speaker

Xabier Crespo

15:30

Poster Tea Time

Break

15:30

16:00

16:00

Ephemerista Workshop: Ephemerista Workshop

Session

16:30

Sunday 26 October

09:00

OSCW 2025 Athens Registrations Welcoming Contribution

10:00

10:00

5th Session Session

10:00–10:20

Integrating Open-Source Digital Fabrication for Educational CubeSat Prototyping in Africa

Speaker

Matthew Koomson

10:20–10:40

PHASMA: Monitoring the Electromagnetic Spectrum from Above

Speaker

Manolis Surligas

10:40–11:00

AcubeSAT, the 3U platform for biological experiments in space: a status update

Speaker

Marios Giannoulis

11:00

11:00

Group Photo Contribution

11:30

11:30

Poster Tea Time Break

12:00

12:00

6th Session Session

12:00–12:20

The CENSUS Ground Station as a Node in NanosatGRID: Enabling an Open-Source Network for Two-Way Satellite Communications

Speaker

Chiara Pasquariello

12:20–12:40

Mission Control Software the open source way

Speaker

Victoria Malyshkina

12:40–13:00

Communicating with AcubeSAT via a SatNOGS based platform

Speakers

Ioanna Petkou, Konstantinos Gkaripis

13:00

13:00

Lunch Break Break

14:30

14:30

7th Session

Session

14:30-14:50 **QEMulate your CubeSat****Speaker**

Konstantinos Kanavouras

14:50-15:10

RACCOON OS - A Free, Open Source Operating System for Secure Space Applications**Speaker**

Jose Manuel Diez

15:10-15:30

libs3: A novel Parameters System for distributed space systems**Speaker**

Olman Quiros Jimenez

15:30

15:30

Poster Tea Time

Break

16:00

16:00

8th Session

Session

16:00-16:05 **Space Based Precipitation Measurement with a CubeSAT****Speaker**

Varun Dwarakanath

16:10-16:15

A Framework for Blockchain-Verified Ground Infrastructure: Enabling Open Source CubeSat Communications Through Decentralized Networks**Speaker**

Tristan Hundley

16:20-16:25

An Open-Source Wrapper for Basilisk Simulations**Speaker**

Simon Bouriat

16:30

16:30

17:30

Closing Ceremony

Session
